

# Welcome to Madrid

This establishment combines the services of a hotel with the advantages of an apartment, thanks to its spacious rooms equipped with fully fitted kitchens. The ApartoSuites Jardines de Sabatini provide comfortable studios and suites with capacity for up to four people and their guests can enjoy spectacular views of the Royal Palace from their individual balcony.

Their central location next to the **Plaza de España**, from which you can make out the **Royal Palace**, is ideal for visiting the **historic quarter of Madrid** and enjoying the shops and shows on the Gran Vía. You can also enjoy the work created by the Madrid urban art group Boa Mistura at the beginning of 2014. The mural is called “Del corazón al cielo” (From the heart to the heavens). This is yet another reason to stay at the hotel as there are other artistic installations by the group on the landings of the different floors, made from items recycled from Madrid waste (doors, bottles, glass, etc.)

In addition, guests can enjoy a free guided tour of the Old Car Museum inside the hotel, which displays vehicles from the early 20th century, including a 1915 Ford Model T and an Isetta from the 1950s, in addition to original photographs of Madrid in that era.
