

Welcome to Madrid

Hotel Abalú offers something that not many others can: a haven of peace and serenity in one of the busiest areas in the city, the Malasaña neighbourhood, with which it shares its young and innovative spirit. It also takes pride in being a small hotel, with 15 rooms, giving customers a personalised attention in a designers' atmosphere, which is not very common in three-star hotels.

The decor is by interior designer Luis Delgado, who has used the latest tendencies to dress every corner of this boutique hotel, giving it a modern yet elegant air. Every one of its rooms is unique, with a different decoration, atmosphere and equipment. There are rooms to suit every taste: with Jacuzzi, stone bath tubs, film projectors... but they all have one thing in common: an avant-garde style.
