

# Welcome to Madrid

**This 5-star boutique hotel is situated between the residential neighbourhood of Chamberí and the ever bustling streets of the Chueca neighbourhood. Housed within the headquarters of the former Paper Company, a palatial building constructed in 1915, the hotel's stained glass and tile façade and its sunny inner central courtyard lead to a modern establishment with 78 classically elegant rooms and suites, several of which have private balconies and overlook the former gardens of *Palacio Villagonzalo*, the stately home of the Count of Villagonzalo.**

Its many facilities include family rooms, which make up 10% of the hotel's total rooms, all of which have the option to be connected with open doors; a car-park for 30 vehicles, equipped with Tesla and Porsche chargers for electric vehicles; and dogs and cats of up to 8 kilograms are also welcome. It costs €49.50 per day, including VAT, with the possibility of a canine grooming service and a dog walking service by a specialised external company in Madrid.

The hotel's ground floor features a spa by Natura Bissé, a beauty and wellness firm, which offers a range of exclusive treatments in facilities that include a two-person massage room, an area with water jets and a hot and cold water circuit. It can be used by guests and those who are not staying at the hotel. A changing room is available so that clients, who are not guests at the hotel, can change and a bathrobe, slippers and towel are all provided for water circuits in the swimming pool and for beauty treatments.
