

Welcome to Madrid

Establishment devoted to the rental, sale and repair of vehicles with pedals, such as bicycles, tandems, tricycles, *karts* or scooters, in Madrid Río Park.

The establishment is in a privileged setting, close to the Principe Pio and the Casa de Campo, which offers interesting routes, from a gentle ride through Madrid Río reaching the cycling ring.

It also offers a bicycle storage service throughout the year for those who are unable or do not wish to keep their bicycle at home, whereby the bicycles are maintained so that they are ready for use.
