

Welcome to Madrid

Sports centre in Casa de Campo which, following an extensive refurbishment completed in August 2021, has two acclimatised swimming pools, one of which is for beginners, two multi-purpose halls and three summer swimming pools: a children's pool, and two of 33x16 and 36x25 meters respectively.

The works carried out during 2020 and 2021 consisted of a total refurbishment of three of the sports centre's five swimming pools and the creation of a new beginners' pool. In the case of the covered swimming pool, the previous facilities have been demolished, leading to brand new equipment, including a new pool for small children. In the two refurbished summer pools, a new gallery of services has been created and the exterior of the pool area has been worked on.

The first floor of the centre has also been fitted out to create two multi-purpose halls.

Accessibility

General

It has two swimming pool hoists.
