

Welcome to Madrid

Moe offers a great atmosphere with excellent music. Moe is spread out over two distinctly different floors: the top floor accommodates different styles of 'black music' (soul, funk, afro and electrofunk), whilst the ground floor focuses on dance beats.

Moe organises concerts almost every day of the week. Its stage has already been trodden by famous musicians like Eddie Roberts, The Sweet Vandals, Primal, Bob Stroger, Russian Red, Jerry Gonzalez, Canal Street Jazz Band and Jorge Pardo. It holds an annual music festival dedicated to black music called 'Moe Black Music'.

It also puts on other kinds of shows, including stand-up and magic acts.
