

Welcome to Madrid

Sala Penélope has been revamped and has been renamed Sala Mon Live since 1st September 2017. It has undergone a comprehensive refurbishment, which incorporates new entrances, elimination of columns, more space, new technology... in short, a great improvement to continue enjoying the best live music in its 1,500 m². It also has several VIP areas.

This disco, nightclub and live concert hall, is a legend in the Madrid nightlife. Its extensive programme has turned it into one of the most active halls on the city's concert circuit.

In the week, there is a young and university atmosphere in which the latest music can be enjoyed.
