

Welcome to Madrid

This classic live music venue in Madrid is the perfect place to enjoy a drink and performances right through the night. Located in the venue that formerly housed the legendary We Rock club, it can hold up to 254 people and has a large stage, dressing rooms for performing artists, two bars, and a 70s style dance floor.

Concerts held here cover a variety of styles, ranging from jazz to flamenco, as well as funk, pop or DJ sessions, although there is also room for theatre, humour and even cabaret.

In parallel to its activity as a concert hall, Café Berlín is also a club, with the presence of prestigious national and international DJs, responsible for bringing rhythm to the night after the concerts, with styles such as Soul, Funk, Jazz, Pop, Latin, House, Rock, Swing, Rhythm & Blues...
