

Welcome to Madrid

This popular restaurant-bar in Madrid's Salamanca neighbourhood offers a varied menu, including burgers, Italian food and Tex-Mex, along with a whole host of different cocktails. Not forgetting its daily set menus, all home-made using high quality ingredients.

With New York inspired decor from the 1930s, Soho is divided into three floors: street level is a cocktail bar with an interesting selection of cocktails; in the basement there is a VIP reserved area; and on the top floor, the lounge or dining area.
