

Welcome to Madrid

Located in the heart of Chueca, this multidisciplinary space hosts concerts, charity events, brand launches, after-parties, comedy shows and DJ sessions. Open every day.

The establishment, occupying a surface area of 182m², has two bars, a dance floor, VIP options and a cloakroom.

In addition to their two jam sessions (Monday, fusion and Tuesday, jazz), since their beginnings they have featured top national and international artists of different styles, such as Eddie Roberts (UK), California Honeydrops, Bob Stroger (USA), Tail Dragger (USA), Graham Fenton (UK), Clinton Fearon (JM). After the live music, the most fun and modern dance music is played.

Live music gives way to the most enjoyable, modern and unprejudiced music. It focuses on black music (afro beat funk disco or nu soul) but with the vocation of coexisting with the new electronic trends.
