

Welcome to Madrid

IFEMA MADRID presents the first international exhibition on the history of F1 to experience the past, present and future of this sport from 24 March to 4 June. From spectacular audio-visuals to elegant displays, the exhibition provides a dazzling journey through the exclusive world of Formula 1.

Six rooms with curiosities, legendary objects from all of the racing teams and a journey through the history of Formula 1. Five years in the making to achieve a ground-breaking exhibition that lifts the curtain on one of sport's greatest stories, in which legendary teams, experts and renowned personalities have contributed.

The exhibition traces the influences of Enzo Ferrari and Ayrton Senna, as well as the unprecedented impact of Netflix's *Drive To Survive* series. The space combines the very best interactive and immersive technologies, never-been-seen interviews, historic race cars, other artefacts and large-scale installations, as well as exclusive access to the F1 film archive, which transport spectators to the heart of modern day races.
