

Welcome to Madrid

Spectacular venue, ideal for exhibitions, sports events, corporate events, shows, and any major event in general. With a circular floor plan crowned by an impressive dome, it is extremely versatile in terms of circulation and usage.

The space is distributed over three interconnected floors, and it is linked via a tunnel to the Glass Pavilion and also the Satelite Madrid Arena Pavilion, thereby multiplying its possibilities. It has retractable stands that can vary the total area of the central floor space from 1,000 to 2,542 m², making this venue extremely adaptable to all requirements.

The pavilion offers 10,276 seats arranged in a raked layout with three retractable tiers. This makes the venue extremely versatile, since it can combine a grandstand and a large spacious floor area. It has dressing rooms and changing rooms, a café, bars, and large communal areas, auxiliary rooms, press rooms, LED screens, box offices, large loading and unloading bays, with vehicle access to the main floor area, and outdoor space to park lorries and set up mobile units.
