

Welcome to Madrid

Located at the PAU de Sanchinarro, in Valdefuentes neighborhood (Hortaleza district), it is a postmodern housing block, developed by the Dutch architectural firm of MVRDV in collaboration with the Madrid-based architect Blanca Lleó.

The building is 63.4 meters tall and has 21 floors and 155 apartments. The most prominent feature is the big central opening with a common area with gardens that also serves as a lookout thanks to the views of the Guadarrama mountains.
