

# Welcome to Madrid

**Las Ventas Market was built in 1995, in replacement of Canillas Market, from the 1940s. Facing Las Ventas Bullring, it is a major social and commercial hub in the district of Ciudad Lineal, offering a wide range of quality foods.**

The market is well known for the excellent value for money for shoppers. It stands out for the extensive range of highly demanded fresh produce, mainly fruit, vegetables, fish and meat, spread over 100 stalls on the two floors of the market, which has a surface area of more than 2,000m<sup>2</sup>.

Setting Las Ventas apart from other food markets, a series of stalls offer food from all over the world: international cuisine, healthy food and even a winery where you can get lots of different D.O. wines.

The building also houses a supermarket and a gym.
