

# Welcome to Madrid

Located in the heart of Madrid's financial district, AZCA, nestled between emblematic buildings, such as Picasso Tower and Europa Tower, close to the Congress Palace and the Santiago Bernabeu Stadium, this commercial centre, opened in 1988, houses various establishments, including fashion stores and gastronomic spaces.

Moda Shopping is inside the Mapfre Vida Building, which has a surface area of 60,000 square metres, distributed over 10 floors, two of which are devoted to the commercial centre, four to offices and four to parking.

In addition to being a reference centre in the Madrid shopping world, Moda Shopping has held events, product launches and exhibitions of many brands related to the commercial, leisure and culture environment.
