

Welcome to Madrid

Opened in 2003, this commercial centre in the Hortaleza district has shops from the leading fashion labels for women, men and children, as well as 15 cinema halls, a wide variety of restaurants and cafeterias, a bowling alley and an enormous ice-rink.

Its 1,800 square metre [ice-rink](#) is the only one of Olympic size in Madrid. It is possible to practise skating, hockey and curling there and it has a figure skating and curling school. It is closed in the summer months. The centre also has a bowling alley with 24 lanes, an 18-hole mini-golf course and a gym.

For children, there is a [Cityplaykids](#) space, where they can have fun in a ball park, on trampolines, at the mini bowling alley and various recreation facilities.

In culinary terms, the commercial centre has [Ruta 77](#) on its upper floor, a varied range of gastronomy made up of 10 international cuisine stands, occupying a space of 600 m2, with acclimatised outdoor terraces in a different and pleasant environment. The culinary proposal is rounded off with other restaurant chains between the upper and ground floor.
