

Welcome to Madrid

Las Rozas Village is one of the eleven shopping destinations included in The Bicester Collection, just 25 minutes from the centre of Madrid. The Village has more than 100 boutiques from leading national and international fashion and lifestyle brands, including Sandro, Hugo Boss, Scalpers, and Montblanc, with discounts of up to 60% on the original price throughout the year.

Las Rozas Village has become a must for all lovers of fashion, trends, creativity, and gastronomy. Mentidero is a required stop on your shopping trip, a spacious restaurant offering quality food and good customer service. Another option well worth a stop on the way is Cristina Oriá's restaurant, where you can taste the chef's most renowned dishes or buy unique gifts for your home or for friends and family.

The Village is the perfect place for those looking for an unforgettable, safe, outdoor shopping experience. And for all those craving that extra special personal touch and exclusivity, Concierge Services will organise all the details of your visit: parking reservation and Personal Shopper service, led by Natalia Canellas, among others.

Las Rozas Village is very easy to reach. By car from Madrid, just follow the A6 and take exit 19, then at the first roundabout continue straight ahead and follow the signs.

Come to Las Rozas Village by Uber!

Uber and Las Rozas Village offer a safe, door-to-door service, at the best price for all customers.
