

Welcome to Madrid

Spain's largest outlet store centre, all on one site. 23,800 m² with 120 shops selling top brands in fashion, accessories and household goods. The Style Outlets are not like traditional shopping centres, as they offer quality goods made by top brands at very attractive prices, with discounts ranging from 30% to 70%.

Factory San Sebastián de los Reyes opened in September 2006, the largest outlet store centre in Madrid with 120 shops selling top brands in fashion, accessories and household goods.

It is part of the shopping centre and Ocio Alegra complex, which includes major stores such as Decathlon, as well as restaurants, a bowling alley, the Micrópolis leisure park, a gym and plenty of free parking spaces.
