

Welcome to Madrid

Café specialising in hot chocolate and 'churros' (deep fried dough), with over 110 years of history, located in the heart of Madrid's Las Letras district. A unique space that offers an innovative twist on this classic Spanish sweet treat.

Countless creative proposals based around three star options: the 'churro' (long and thin deep-fried doughnut), the 'porra' (a thicker version of the 'churro'), and hot chocolate. Churros mch, maki-churros, chocolate cocktails, churros with chocolate ice cream, sweet churros, 7 colours, or the traditional hot chocolate with porras, an explosion of flavours with the best products on the market.
