

Welcome to Madrid

This five-star hotel, which opened in December 2017, is the latest addition to the wide range of hotels available on Madrid's Gran Vía. This establishment seeks to become the flagship hotel for the American chain in Europe.

The hotel is set within a ten-storey 1920s art decor building, which has been fully refurbished. It has 159 rooms, 16 of which are suites with impressive views over the Gran Vía, decorated with pieces inspired by popular Madrid culture, such as Spanish guitars, dogtooth print curtains and rugs, and the iconic works of Madrid painter Juan Gris.

It boasts meeting rooms equipped with the latest technology, a gym, a take-away food service, porter service, multilingual staff, laundry and dry cleaning service.

On the first floor, the Hielo y Carbón restaurant offers a fusion of Peruvian and Spanish cuisine. On the ground floor, the Ondas café-bar serves a variety of vermouths and coffees. From the Vía Fantástica rooftop bar, have a drink whilst enjoying good views of the city
