

Welcome to Madrid

This large shopping and leisure complex, located in the Ensanche de Vallecas, has a total surface area of 110,000 square metres devoted exclusively to shopping, giving it the title of the largest shopping centre in Madrid. Leading fashion and accessory firms can be found there, in addition to various restaurants and cinema halls.

The shopping centre has a large, free underground car park as well as parking spaces on street level, with a total capacity for 5,000 vehicles. The shops are distributed throughout the first floor, with direct access to the street, whilst the restaurants and cinemas are on the upper floor.

One of its main attractions is the incorporation of an Ikea centre in its commercial offer.
