

Welcome to Madrid

Behind the Railway Museum we find this innovative cultural and entertainment space for audiences of all ages. Run jointly by La Estación, LetsGo (the producer of shows such as *The Hole* and *Dirty Dancing*) and Ibercasa, this great cultural complex will host various theatre and cabaret performances, musicals, children's shows, concerts, exhibitions, gastronomy...

Spread over an area of 18,400 m², the complex is divided into three adaptable spaces equipped with the latest technology, offering a varied programme:

- - The **Theatre**, with the best shows of the moment, covering a range of different themes, suitable for all tastes and ages.
- - - The **Grand Cabaret**, for shows that fuse circus, dance, cabaret, and humour.
- The **Multipurpose Room**, which will host all kinds of exhibitions, immersive cinema, festivals and children's activities, as well as the best concerts, musicals and events of the moment, turning each visit into a stimulating and magical experience.

The cultural complex includes an outdoor meeting point from which you can access the different areas, **El Jardín Espacio Ibercaja Delicias**, a space full of surprises and complementary activities.
