

# Welcome to Madrid

**X-Madrid is a commercial and leisure space designed to reinvent the shopping and leisure experience: more technological, more urban, more extreme, more authentic. A place that revolutionises the way of interacting with consumers seeking new alternatives and experiences.**

Located in Alcorcón, spread over nearly 47 000m<sup>2</sup>, with three floors dedicated to fashion, sport, restaurants, and the best leisure experiences, it has been designed to meet the needs of those looking to rediscover their passions and enjoy an astonishing global offer that's out of the ordinary.

From a shop devoted exclusively to the world of Harry Potter (**Callejón Madriagón**); to an infinite surfing wave to learn and have a blast (**Citywave**); a 15-metre high climbing wall (**Climbat**); a centre to practice and learn all kinds of indoor and outdoor freestyle disciplines (**Ongravity**); the largest diving and deep freediving centre in the country, with two pools, including one more than 20 metres deep, the only one of its kind in Spain (**Marepolis**); a fitness centre with hi-tech machines (**Fitness Park**); a state-of-the-art bowling alley that even has bumper cars (**Ozone**); an escape room with 3 challenges (**The X-Door**); a cinema with the best technology (**Ocine**); 22 unconventional restaurants with food from all around the world, including the **Beach Club** restaurant; an area for petrol heads with the biggest names: Harley Davidson, Triumph, Motocard; a beauty zone ... and so much more to discover.

All combined with a unique fashion offer featuring globally renowned brands alongside exceptional firms never seen in a shopping mall before, and a pet-friendly leisure area where your pets are more than welcome.
