

Welcome to Madrid

The Four Seasons Hotel Madrid is close to the Canalejas Gallery and more than twenty luxury homes in the Canalejas Complex, a rehabilitated area that exceeds 50,000 m2, where there used to be seven historic buildings belonging to former banks . Around 3,700 items and original elements have been preserved from them, which have been restored and reinstalled. Five safes that belonged to the different banking entities are now used as jewellery display cabinets, except one of them, which will be the entrance to the hotel.

This five-star accommodation has 200 rooms and suites, all of which are spacious with magnificent views over the city's prestigious central streets. Some of them have been designed on two levels, connected by a flight of stairs, or they have balconies or spacious private terraces, which are ideal to enjoy Madrid's warm climate. It also has an indoor swimming pool, a 24-hour gym, beauty salon, contemporary art works throughout the hotel and a luxury spa on four levels, among many other amenities and services.

The restaurant, **Dani**, by the chef with three Michelin stars, Dani García, is on the top floor, with impressive views over the capital's rooftops, as well as a brasserie which serves a combination of elegant dishes, characteristic of its Michelin star restaurant, with typical dishes from traditional Andalusian cuisine. It has another two dining spaces, Isa, with modern Asian-inspired tapas, small dishes, traditional cuisine and all types of cocktails and El Patio, located in the former trading floor of the Central Credit Bank, with a menu that includes great classics and a wide selection of home-made sweets and cakes, freshly ground coffee and teas, as well as a delicious adaptation of the famous merienda a typical Spanish afternoon tea.
