

Welcome to Madrid

The ARCOmadrid fair celebrates its 43rd edition on February 2024 at IFEMA MADRID. It is a unique project that will join the past and present through galleries and its essential relationship with artists and collectors.

For yet another year, ARCOmadrid will bring together a **selection of big names from international galleries**. The fair's artistic contents will be rounded off with the main backbone of the Fair, the **General Programme**, made up of **galleries selected by the Organising Committee** in addition to the curated sections.

The curated sections from previous editions are also maintained: **Opening**, offering new contents and delving into ARCO's discovery concept. **ArtsLibris** will host the art publications as a zone focusing on the beginning of collecting, in addition to other initiatives that the ARCO Foundation introduces to foster collecting.
