

Welcome to Madrid

The WiZink Center is hosting another edition of Madrid Oktoberfest at the beginning of October. Live music, Bavarian food and the Spaten Oktoberfest Bier by Lowenbraü, one of the six official beers of the Munich Oktoberfest. Get an individual ticket or a table for 8 friends and enjoy the authentic German beer festival in Madrid.

Enjoy the authentic Oktoberfest in any of the four sessions in the heart of Madrid, and in this eighth edition, the presence of one of the few certified beers by the Munich Oktoberfest can be highlighted: **Spaten Oktoberfest Bier**, by Lowenbraü. It is one of the six official beers of the Munich Oktoberfest, which is made each spring exclusively for the biggest beer festival in the world.

The purity of this beer is certified by “Reinheitsgebot”, the German Purity Law, which ensures that only official beers are served at the festival and that these fulfil all of the requirements, which include the finest ingredients and the obligation for the beers to be produced within the limits of the city of Munich.

Attendees will also be able to sample other varieties, such as **Spaten Münchner Hell**, **Spaten Premium Bock** or **Lowenbrau Original**, as well as typical food from Bavaria: sausages, pork shoulder and much more.
